Projects

NoBroker Partners App - UX Revamp
NoBroker Technologies · Product Design · 2025

- Led end-to-end restructuring of the app's Information Architecture to simplify navigation and partner workflows.
- Identified and resolved **critical usability gaps** across job visibility, earnings tracking, and task management flows.
- Reduced partner support dependency drastically - partner calls for **operational doubts** decreased from **70% to 8%.**
- Improved onboarding experience, resulting in a **50% increase** in **new partner joining rate** within 2 months of the revamp.
- Contributed to scalable partner-facing experiences through a standardized design system approach.

Reimagining the Rental Agreement Experience
NoBroker Technologies · Product Design · 2025

- Redesigned the complete end-to-end Rental Agreement journey to **improve clarity, trust, and conversion**.
- Introduced a structured homepage experience to simplify decision-making and guide users through the process.
- Designed a **new AI-powered extraction flow** enabling users to upload existing agreement copies for faster creation.
- **Optimised page-wise funnel** experience to reduce dependency on support calls during agreement generation.
- **Reduced user drop-off rates** significantly from **45% to 11%** through improved UX and streamlined workflows.

Kloudcafe — Reimagining Cafe Insights
Internship · Kloudspot India · May–Jul 2024

- Led end-to-end UX design of an AI-powered Retail Analytics platform for Kloudcafe — leveraging machine learning-driven insights, predictive analytics, and ePOS integration to optimise café operations at scale.
- Designed intelligent dashboards surfacing real-time KPI monitoring, AI-generated demand forecasting, and automated anomaly detection across 15+ business metrics.

Education

M.Des - Interaction Design
Indian Institute of Technology, Guwahati
2023 – 2025 · CPI 8.3

B.Design - Interior Architecture
CEPT University, School of Interior Design
2016 – 2021 · 70%
